For processing of participant data as part of the competition, the organizer may use external service providers, for example technical service providers for the provision of storage space for internet pages and their functions or, for example, a parcel service for the delivery of prizes. These third parties are carefully selected and commissioned by the organizer, and are bound to comply with the instructions of

the organizer in the event that they process data on its behalf. Insofar as these service providers or partners are based in a country outside of the European Economic Area (EEA) they are bound by additional requirements necessary in accordance with Article 44 et seq. (1) If you give your consent to the processing of your data, this can be withdrawn at any time. Such a withdrawal of consent influences the admissibility of processing of your personal data once you have informed us of this withdrawal.

(2) If we base the processing of your personal data on the weighing up of interests, you may object to the processing. This is particularly the case if the processing is not required for the fulfillment of a contract as specified by us in the subsequent description of functions. In the case of such an objection we ask you to explain the reasons why we should not process your personal data as we have done. In the case of a justified objection we will review the situation and then either cease or adjust data processing, or demonstrate our compelling and legitimate reasons for continuing with the processing.
